

GREEN SKILL DEVELOPMENT PROGRAMME (GSDP) 2026

Applications are invited for admission to the following certificate course

About GSDP

The Green Skill Development Programme (GSDP), an initiative of the Ministry of Environment, Forest and Climate Change (MoEF&CC), Government of India, is designed to build skilled human resources for biodiversity conservation, sustainable livelihoods, and environmental management. Under this program, the Nature Conservator Cum Ecotourism Guide course equips participants with practical expertise in Himalayan ecology, wildlife conservation, eco-tourism principles, nature interpretation, and trekking ethics. By fostering community-based sustainable tourism, the course empowers local youth to promote responsible travel while actively safeguarding the fragile Himalayan ecosystem.
